## BIOGRAPHY

Formed in 2016, Blinded by Color, is local to Tacoma, WA. Blinded By Color merges old school and new school with a fresh sound that combines classic blues and rock with modern pop influences. The band is comprised of Dominic Domiano (vocals, guitar), Sidney Knapp (guitar) and Jaycob Saum (drums) and Forrest Tuft (bass). This combination of musicians brings connection to the stage and in all their music. Dominic, Sidney and Jaycob were in a couple bands together before Blinded by Color. When Forrest joined the band, the band was finally complete. Their connection is really obvious in the sound that they create.

The band released their first original album June 16, 2017, "Only Lover." Blinded by Color has toured around the Pacific Northwest performing their new album. "Only Lover" merges old & new school and a fresh sound that combines classic blues and rock with modern pop influences.
